

1. Which of the following should be taken into account before preparing the farm lots?

- a. Soil and water supply
- b. Sunlight and air circulation
- c. Accessibility and proximity to market
- d. all of the above

Ans: d

2. Which of the ff. is a characteristic of good soil?

- a. should be viable
- b. fresh and mature
- c. damage free and free from seed – borne diseases
- d. all of the above

Ans: d

3. It is the first and most important tillage operation in preparing the land for to make it more moisture – retentive

- a. Cleaning
- b. Plowing
- c. Harrowing
- d. Pulverizing

Ans: b

4. Is an organic material consisting of very fine routed animal waste, plant parts and other organic and biodegradable material

- a. Biomass
- b. Compost
- c. Heap
- d. Fertilizer

Ans: b

5. This method of fish – culture is characterized by the use of net enclosures in shallow protected areas in inland waters

- a. Cage method
- b. Fish pen method
- c. Aquarium method
- d. Open – water method

Ans: b

6. The objective of applying fertilizers to fish ponds

- a. Promote fish growth
- b. Enhance production

- c. Neutralize acidity
- d. Enhance the color of the water

Ans: b

7. This type of plants contains nitrogen in its roots which is converted to nitrates by rhizolia, thus, contributing to soil fertility

- a. Vine crops
- b. Root crops
- c. Legumes
- d. Tubers

Ans: c

8. Which of the ff. is NOT an aspect of fish – culture?

- a. Fish cultivation
- b. Fish propagation
- c. Fish conservation
- d. Fish marketing

Ans: d

9. The object is represented by the sides seen at one time

- a. perspective
- b. projection
- c. Orthographic
- d. Isometric

Ans: d

10. The system of representing the true shape of any object arranged on a plane in two or more views at right angle to each other

- a. Perspective
- b. Dimension
- c. Orthographic
- d. Oblique drawing

Ans: c

11. Isometric projection is drawn on three axes namely the vertical and 2 _____ degree lines.

- a. 90
- b. 60
- c. 40
- d. 30

Ans: d

12. It is part of the electrical circuit which converts electrical energy into another form to do work

- a. Voltage
- b. Load
- c. Current
- d. Ampere

Ans: b

13. The system on which the flow of electricity is always in one direction

- a. Power
- b. Integrated circuit
- c. Alternating current
- d. Direct current

Ans: d

14. The amount of heat required to take 1 lb. of water to change its temperature 1 degree F

- a. British Thermal Unit (BTU)
- b. Voltage
- c. Watt
- d. Calorie

Ans: a

15. Property of metal w/c can be hammered and flattened into sheets without breaking

- a. Ductility
- b. Brittleness
- c. Elasticity
- d. Malleability

Ans: d

16. A system of principles to conduct life

- a. Beliefs
- b. Values
- c. Philosophy
- d. Goals and Objectives

Ans: c

17. Process of reaching solution to a problem which is based on family goals,

- a. Assessment
- b. Reorganization
- c. Decision – Making
- d. Problem Solving

Ans: a

18. To achieve a satisfying family life, each member is expected to live his role with corresponding _____

- a. loyalty
- b. responsibilities
- c. needs
- d. care

Ans: b

19. Human resources which the family can use to achieve its goals

- a. Energy
- b. Abilities and skills
- c. Knowledge
- d. all of the above

Ans: d

20. Earnings of corporations which are distributed among stockholders

- a. profit
- b. Retained earnings
- c. Stocks
- d. Dividends

Ans: d

21. Brings about a successful entrepreneurial activity

- a. careful planning
- b. good luck
- c. big capital
- d. proper connection

Ans: a

22. As an entrepreneur, he must be aware if his business is good. He must then identify a good business through?

- a. availability of supply, interest in business, capacity and skills
- b. pricing of the products and services

c. human – resources oriented

d. profit – oriented

Ans: b

23. It is the profile of an entrepreneur's intuitions, philosophy, ideals, perception and details of a planned project

a. Thesis

b. Project proposal

c. Project description

d. Rationale

Ans: d

24. Provides the entrepreneur information on market, sources and consumption of products and services

a. Consultancy assistance

b. Organizational assistance

c. Training assistance

d. Marketing assistance

Ans: d

25. There are agencies that provide counseling or consultancy serviced to entrepreneurs who have difficulty solving their own business problems

a. Technology and livelihood Center

b. National Manpower and youth Council

c. UP Institute of Small Scale Industries

d. All of the above

Ans: a
